

## PLANNING & OPERATIONS

Stone Security uses a multi-layered approach to security planning to protect guests, the Venue, and property at all our events. We conduct a pre-event risk assessment and site analysis.

We take all possible risk incidents into consideration, and put an effective plan in place to control authorized access and reduce vulnerabilities & liability.

### WE ARRANGE CITY PERMITS FOR:

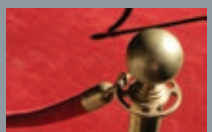

- Sidewalk Red Carpets • Tents and Canopies • Limo Lanes
- Street Closings • Cone Head - Parking Spaces

### WE ASSIST OUR CLIENTS WITH:

- Credentials • Location Access Control • Valet Parking / And Greeters
- Liaison With Local Law Enforcement

## EXECUTIVE, DIGNITARY AND CELEBRITY PERSONAL PROTECTION.

Celebrities, Dignitaries and Corporate Executives live and work every day with the reality that, outside of normal business risks, many types of actual threats exist. Fame, popularity and wealth often accompany success- so does the opportunity for contact with individuals intent on causing harm, extortion or embarrassment.

Stone Security offers tailored strategies designed to mitigate stalking, kidnapping, assault and other possible threats.

## ABOUT US

Stone Security Service is a full service security company, servicing New York, Miami/South Florida, and Los Angeles. Stone Security provides professional special event security personnel, as well as executive protection specialists. We are Licensed, Bonded and Insured.

Our very personal family style approach, in handling our clients' most sensitive needs, makes us one of the most called upon security service providers.

From the East Coast to West Coast, and around the world, Stone Security provides the same high level of professional services and personnel in each market we service.

With our worldwide network we also can provide an expansive package of security and event services anytime, anywhere. From a small private function, store opening or a large Broadway or movie premiere, Stone Security provides the required experience, and required resources to maintain a comprehensive, high visible or discreet approach to meet each clients' different and specific needs.

Stone Security brings a comprehensive approach to all client assignments. We provide our clients with an effective and communicative security management team that can design and execute plans discreetly and efficiently. We work together with our clients' challenges, from project planning, to live event execution and post event analysis. Stone Security provides security for over 400 events Nationwide.
